FOR ALL MODELS

- **CHURRASCO SYSTEM**

Inspired by the Brazilian tradition, it allow to cook directly on embers with the help of spits. You can choose between the multilevel cooking system and the cooking on a single plan. Another option the can be chosen is between manual turning or automatic rotation system, that can be started with a button. We have various kind of spits, to suit all the needs of the customer, so you can choose between standard spits, chicken spits and chicken baskets.
