- 20 cm stainless steel front worktop
- without charcoal brazier
- without hood and plenum
- without stainless steel side and back panels
- or with:
- one (1) adjustable charcoal tray (63x42 cm)
- one (1) adjustable charcoal tray (73x42 cm)
- one (1) charcoal brazier of 50 cm

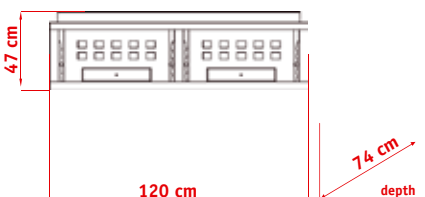

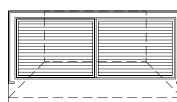

## B TOP 70

- grill with one (1) adjustable charcoal tray (63x42 cm)
- only with the grill-hob
- 20 cm stainless steel front worktop
- without charcoal brazier

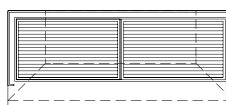

## B TOP 100

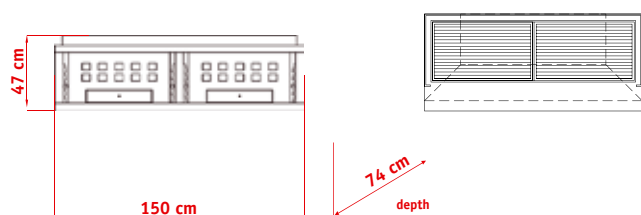

- grill with two (2) adjustable charcoal trays (45x42 cm)
- only with the grill-hob
- 20 cm stainless steel front worktop
- without charcoal brazier

## B TOP 120

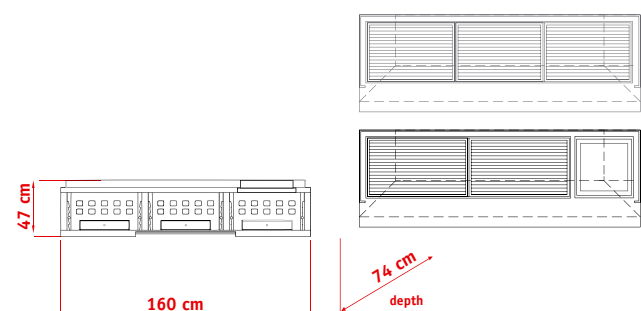

- grill with two (2) adjustable charcoal trays (56x42 cm)
- only with the grill-hob
- 20 cm stainless steel front worktop;
- without charcoal brazier

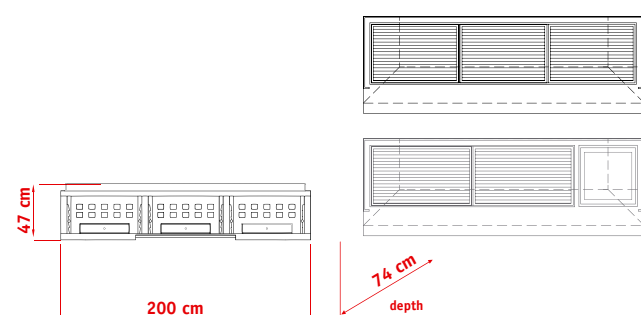

## B TOP 150

- grill with two (2) adjustable charcoal trays (72x42 cm)
- only with the grill-hob
- 20 cm stainless steel front worktop;
- without charcoal brazier

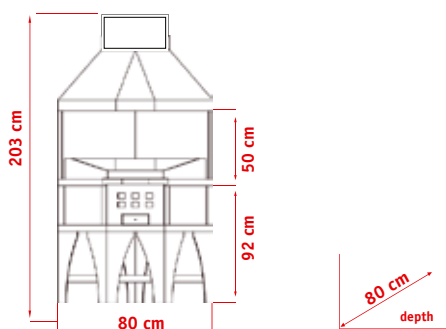

## B TOP 160

- grill with three (3) adjustable charcoal trays (51x42 cm)
- only with the grill-hob
- 20 cm stainless steel front worktop
- without charcoal brazier
- or with:
- two (2) adjustable charcoal trays (51x42 cm),
- one (1) charcoal brazier of 47 cm

## B TOP 200

- grill with three (3) adjustable charcoal trays (63x42 cm)
- only with the grill-hob
- 20 cm stainless steel front worktop
- without charcoal brazier
- or with:
- one (1) adjustable charcoal tray (63x42 cm)
- one (1) adjustable charcoal tray (73x42 cm)
- one (1) charcoal brazier of 50 cm

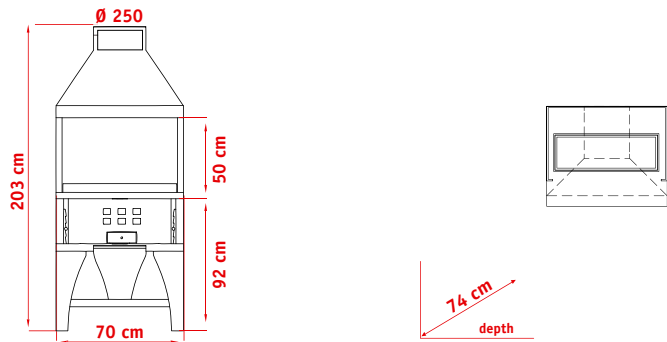

## Corner Unit

- one (1) corner charcoal brazier
- 20 cm stainless steel worktop
- with hood and plenum
- extractor fan and flue not included

## notes

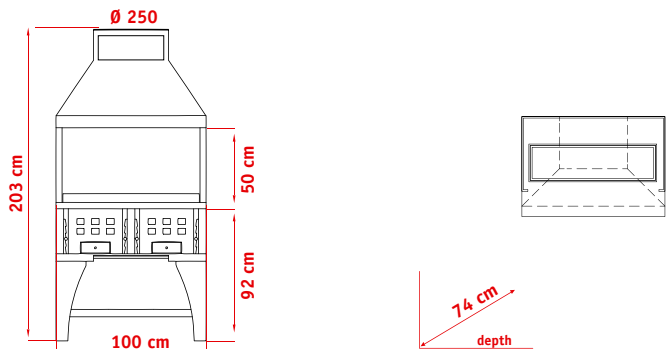

All of the **B** series **grill** models:

1. can be custom-made (adding 25% to the price list);
2. have one revolving grill grate and fixed grill grates according to the grill size
3. the trays are adjustable in height in 5 different positions
4. can be connected together to form a corner unit
5. all models with hood are equipped with a double suction, lower and upper
6. optional: 4 swivel casters kit

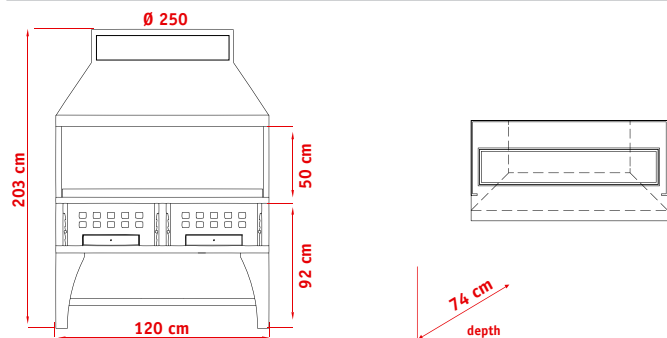

## GS 70

- skewer grill with one (1) channel of 62 cm
- 20 cm stainless steel front worktop
- with hood and plenum
- without charcoal brazier
- extractor fan and flue not included

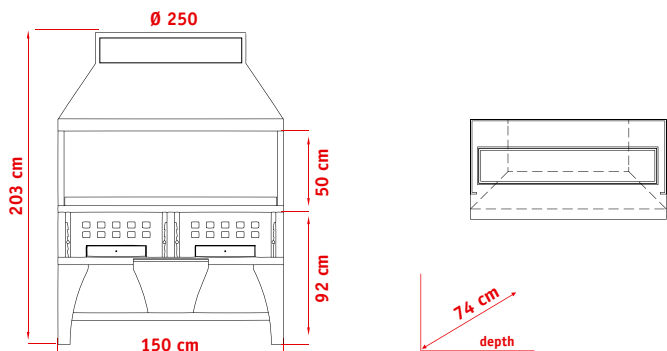

## GS 100

- skewer grill with one (1) channel of 92 cm
- 20 cm stainless steel front worktop
- with hood and plenum
- without charcoal brazier
- extractor fan and flue not included

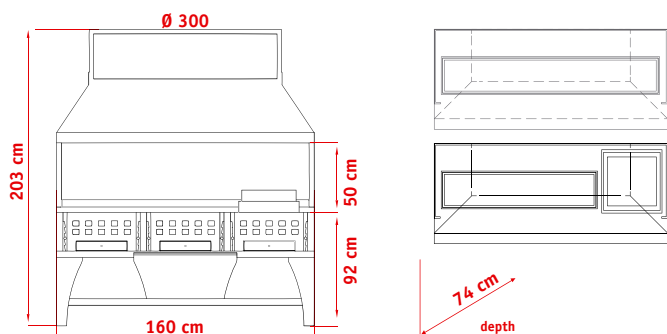

## GS 120

- skewer grill with one (1) channel of 112 cm
- 20 cm stainless steel front worktop
- with hood and plenum
- without charcoal brazier
- extractor fan and flue not included

## GS 150

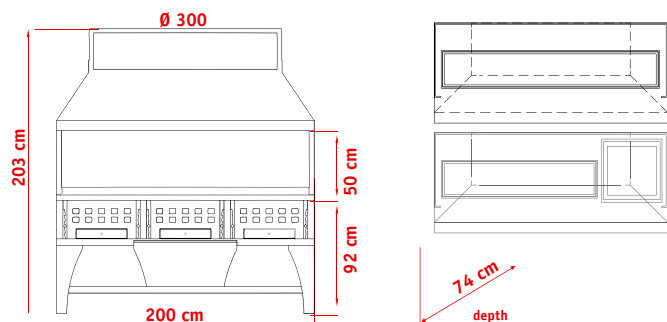

- skewer grill with one (1) channel of 142 cm
- 20 cm stainless steel front worktop
- with hood and plenum
- without charcoal brazier
- extractor fan and flue not included

## GS 160

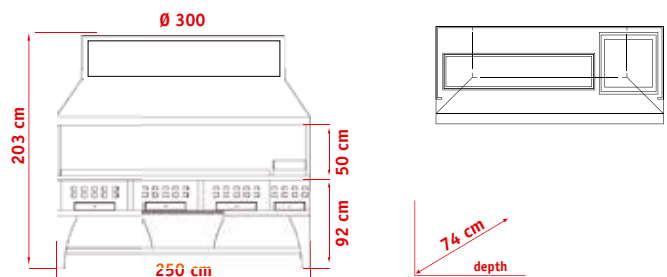

- skewer grill with one (1) channel of 152 cm
- 20 cm stainless steel front worktop
- with hood and plenum
- without charcoal brazier
- extractor fan and flue not included
- or with:
  - skewer grill with one (1) channel of 105 cm
  - one (1) charcoal brazier of 47 cm

# skewer grills

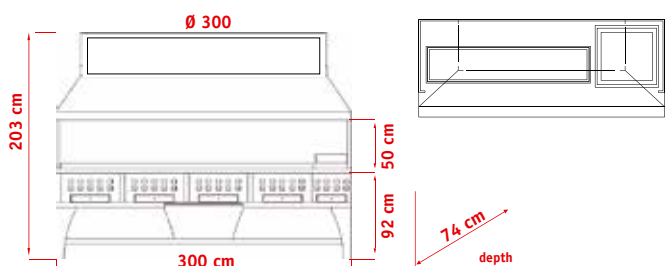

## GS 200

- skewer grill with one (1) channel of 192cm
- 20 cm stainless steel front worktop
- with hood and plenum
- without charcoal brazier
- extractor fan and flue not included
- or with:
- skewer grill with one (1) channel of 142cm
- one (1) charcoal brazier of 47 cm

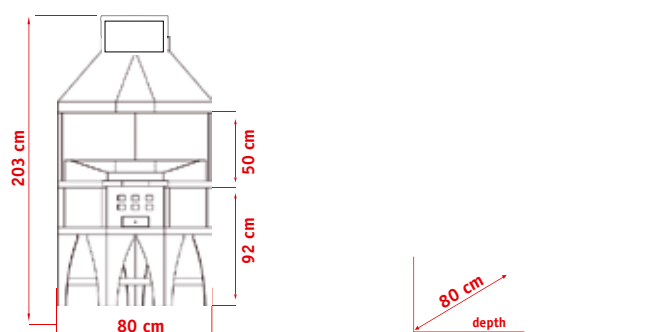

## GS 250

- skewer grill with one (1) channel of 190 cm
- 20 cm stainless steel front worktop
- one (1) charcoal brazier of 50 cm
- with hood and plenum
- extractor fan and flue not included

## GS 300

- skewer grill with one (1) channel of 230 cm
- 20 cm stainless steel front worktop
- one (1) charcoal brazier of 60 cm
- with hood and plenum
- extractor fan and flue not included

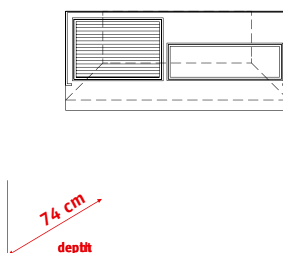

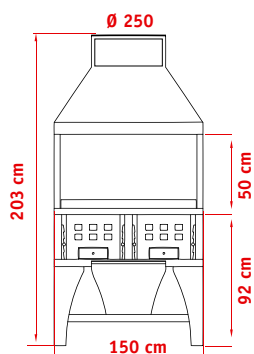

## Corner Unit

- one (1) corner charcoal brazier
- 20 cm stainless steel worktop
- with hood and plenum
- extractor fan and flue not included

## notes

6. all models with hood are equipped with a double suction, lower and upper
7. optional: 4 swivel casters kit

## wood-burning rotisserie

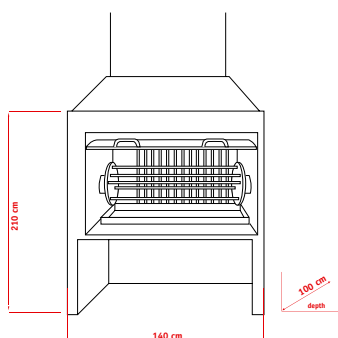

### GA80/4

- four (4) spits of 80 cm
- loading door width: 28,5 cm
- dimensions: L120xP100xH240 cm

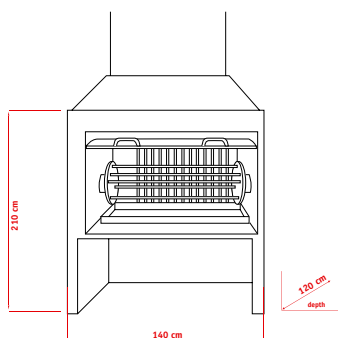

### GA80/6

- six (6) spits of 80 cm
- loading door width: 28,5 cm
- dimensions: L120xP120xH240 cm

### GA100/4

- four (4) spits of 100 cm
- loading door width: 28,5 cm
- dimensions: L140xP100xH240 cm

### GA100/6

- six (6) spits of 100 cm
- loading door width: 28,5 cm
- dimensions: L140xP120xH240 cm

## note

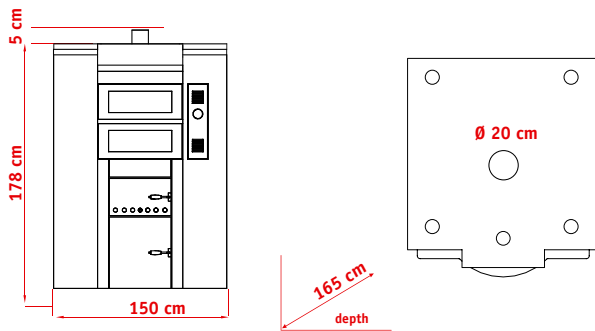

All of the **GA** series **wood-burning rotisserie** models

1. can be custom-made (increase to be calculated)
2. have an electrical planetary mechanism
3. are equipped with refractory plates
4. have the loading door for the wood placed on the right or left side

## K60/1

- wood-burning oven with indirect combustion
- one (1) cooking chamber with firebrick floor
- round cooking chamber
- polished marble external frontal worktop

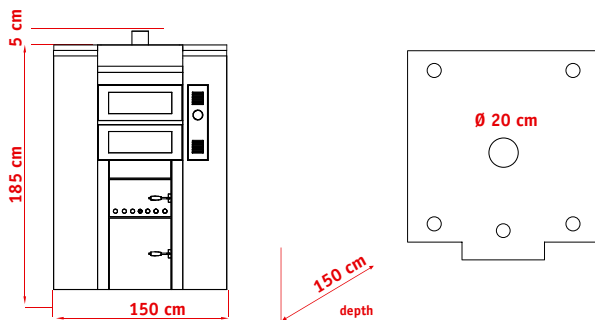

Dimension of cooking chamber: Ø 110 cm

## K60/2

- wood-burning oven with indirect combustion
- two (2) cooking chambers with firebrick floor
- round cooking chambers
- separate oven doors

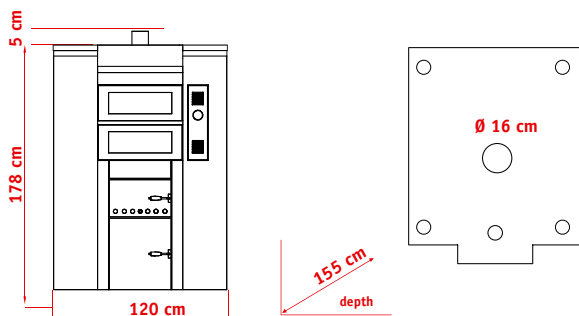

Dimension of each cooking chamber: Ø 110 cm

## S35

- wood-burning oven with indirect combustion
- two (2) cooking chambers with firebrick floor
- separate oven doors

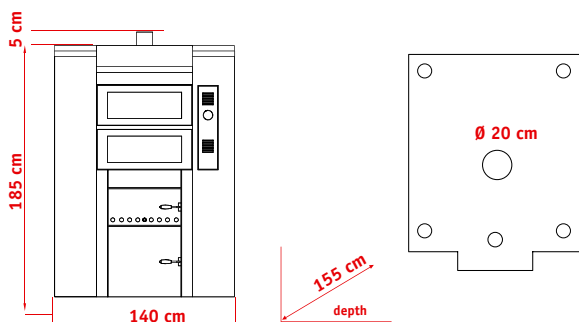

Dimension of each cooking chamber: W80xD100 cm

## S55

- wood-burning oven with indirect combustion
- two (2) cooking chambers with firebrick floor
- separate oven doors

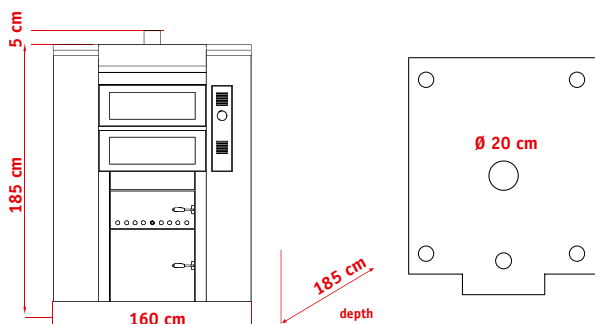

Dimension of each cooking chamber: W100xD100 cm

## S60

- wood-burning oven with indirect combustion
- two (2) cooking chambers with firebrick floor
- separate oven doors

Dimension of each cooking chamber: W120xD140 cm

## extractor fans

High-performance centrifugal turret extractor: Extracts clean or slightly dusty air and runs silently with backward inclined blades.

Air flow: from 1300 to 1500 m<sup>3</sup>/h low and medium pressure.

---

Centrifugal electric fan: Extracts clean or slightly dusty air and runs silently with forward inclined blades.

Air flow: from 400 to 120000 m<sup>3</sup>/h low and medium pressure.

---

High-performance centrifugal electric fan: extracts clean or slightly dusty air and runs silently with backward inclined blades.

Air flow: from 1000 to 170000 m<sup>3</sup>/h low and medium pressure.

---

Built-in fan: double suction centrifugal fan, with forward inclined blades powered by an electric motor.

Air flow: from 400 to 8000 m<sup>3</sup>/h, max available pressure: 400 Pascal - 40 mm H<sub>2</sub>O.

---

Built-in fan: double suction centrifugal fan, with forward inclined blades, powered by an electric motor (transmission by pulleys and trapezoidal belts)

Air flow: from 400 to 8000 m<sup>3</sup>/h, max available pressure: 400 Pascal - 40 mm H<sub>2</sub>O.

---

Frequency converter: it controls the speed of the motor rotation, varying the frequency, saving a considerable amount of electric energy and, also, enhancing the control.

---

Variable speed controller.

---

**PLEASE NOTE:** The items are not priced because the motor power is based on the grill dimensions and on the hood length: it is necessary to let us know all the details to allow us to recommend you the best product.

# sales conditions

**Prices:** the price list can be changed without any previous notice from PEVA.

**Orders:** Has to be sent in written form and has to contain the customer's information, the product description, any special requirements (such as customized products), the packing list, the code numbers, delivery time and terms and agreed prices.

**Delivery of goods:** EXW at per Incoterms 2010, at PEVA factory (Collecervino, PE). Any delivery, will be at the customer's own risk. Any claims for damages must be recorded with the carrier on the invoice. The disputes shall be made upon delivery to the carrier in written form, write the comment on the delivery note and make recourse to the transport company

**Terms of payment:** Besides any previous agreed terms of payment, the deposit required will be 30% of the entire amount at the time of the order. On completion of the order goods will have to be paid for by bank transfer to PEVA Service Srl.

**Special products:** In case of customized products we will require the entire amount at the time of order.

**Packaging:** The packaging will be charged separately according to the purchased model.

**Guarantee:** All PEVA products are guaranteed for 2 years (from the delivery date, attested by the delivery note), and only for manufacturing defects. The company will only pay for the flawed items. Peva Service Srl upon a finding of a fault agrees to replace the damaged part, excluding the transport cost, traveling allowance, calling fee, labor, room and board and all the costs necessary for the replacement of the damaged component. The warranty will cease to exist in case of: insolvency, modifications to or tampering with the products, improper use of the products or incorrect installation of the products. The warranty does not include ordinary parts subject to wear and tear, such as light bulbs, grates, gaskets and ordinary maintenance.

**Claims:** Any kind of claim must be made only within the warranty period, in written form, including all the products information, which is necessary to identify the type of article and the cause of the problem.

**Order cancellation:** Order cancellation can be made within 8 days from the confirmation of order. After that period, the customer is obliged to pick up the product and, the deposit will not be returned.

**Jurisdiction:** The court of justice of Pescara is the competent authority to turn to for any type of controversy.
