# PROFESSIONAL WOOD-BURNING ROTISSERIE

## ARTISANS SINCE 35 YEARS

The PEVA brand, in over 35 years of business, has established itself in Italy and abroad.

Our factory is characterized by hand-made trait. All our products are manufactured putting special care into the detail and their finishing using only high quality raw materials. Thanks to the experience gained over the years, we created a new wood-burning PEVA ROTISSERIE!

## AN ANCIENT METHOD FOR UNIFORMLY COOKING

The roasting on a spit with a rotisserie is a fascinating technique, it's about a very ancient method, that allows to combine the advantages of the direct and indirect cooking, because the meat gets exposed directly on the heat source, but for long time, so as to obtain an uniformly and deep cooking. The cooking with the rotisserie spits is usually suggested for chickens, roosters, birds of medium size, lamb, beef ribs. All the pleasure of a unique taste of meat cooked on a spit.

## ECONOMICAL, ENVIRONMENTALLY FRIENDLY, SOLID... WITHOUT SURPRISES

The wood-burning system enables a low fuel consumption, a combustion that does not pollute the environment because the emission of carbon dioxide is minimal. Wood is the only source of energy available in the nature really renewable.

The solid structure, the high quality of the materials used, gives to the products a long-lasting guarantee.
